

Mrs. Paul Kepner Wins \$259 Clothes Dryer At Final Cooking School Session Thursday; 2,000 Women Present

Mrs. Paul Kepner, Baltimore St., was awarded the grand prize, a Whirlpool de luxe automatic clothes dryer, at the closing session of the Gettysburg cooking school Thursday evening at the Hotel Gettysburg annex where Miss Madeline D. Linehan, home-economist, prepared party dishes before an audience of two thousand. The \$259 clothes dryer was the major gift of The Gettysburg Times Cooking School.

The Littlestown Cooking School will open Monday-evening at 7:30 o'clock in St. Aloysius Hall and close Tuesday evening. Miss Linehan will conduct similar cooking lessons Thursday and Friday evenings in the Memorial Auditorium, South Mountain Fairgrounds, near Ardenstville. At each session, 25 baskets of food will be given away, each valued at \$20. Likewise all foods prepared during the lecture will be given away.

Many Other Prizes
Many other valuable prizes will be awarded by participating merchants and businesses. Grand prizes will be awarded at the closing sessions of each school.

Thursday's session in the hotel annex opened with a fashion show presented by the Jack and Jill Shop, Gettysburg. Andy Miller appeared in a red and white suit; Emily Warren featured a red and white striped play suit; Barbara Hockensmith displayed a plaid bathing suit; Dorothy Dressa modeled a bright-checked swim suit; and Jimmy Lane appeared in a white and blue pique light-weight suit.

The New England cooking expert began her lecture with a demonstration on the proper way to bake cream puffs. "The milk should be scalded," advised Miss Linehan, "for that is the only way you can get the fine flavor of milk in the puffs. Be sure the egg whites are stiff and add only one egg at a time." Besides the plain puffs, she designed swan puffs by making the letter S with the batter for the swan's head and placed it on top of the regular puff. For feathers she used additional bits of puff and filled the top with custard.

"Quiche Lorraine"
A king's crown was designed from the cream puff batter by baking large rings and joining them in the center with scoops of pistachio, strawberry and lemon ice cream to resemble jewels.

I am constantly doing research on recipes and the history of foods," announced Miss Linehan. "One day I discovered that the favorite dish of Joan of Arc was, 'Quiche Lorraine,' a sort of cheese pie. It was popular in the province of Domremy, France, where Joan lived as a little girl."

Miss Linehan prepared the French dish by lining a pastry shell with alternate layers of bacon and cheese. She poured four well-beaten eggs and two cups of light cream flavored with a pinch of salt over the cheese and bacon. Over this she sprinkled two tablespoons of butter in small bits.

"This pie should be baked about 40 minutes at 375 degrees," she said. (Continued on Page 3)

SEEK TO AVOID SELLING DRINKS TO MINORS HERE

Retail beverage dealers of Adams County at their May meeting Thursday evening at the engine house here undertook a program of self-policing their establishments to avoid selling drinks to minors.

With their state association pushing for new legislation to "put teeth" in the law regarding sales to minors, "for the benefit of the minors and the dealers," the county organization devoted much of its meeting here to a discussion of means of avoiding sales to minors.

A four-point plan was urged upon the dealers including these steps: 1) make the customer prove he is 21 by showing a voter's registration card; don't go by the person's looks or take their word for it when in doubt; if in doubt, don't sell to a person who may be a minor and finally there was a reminder to dealers that persons who misrepresent their age are liable for arrest and imprisonment under present state laws.

President Warren Dannelly presided at the meeting at which Delegate Maynard Stuckey reported on a state meeting at Harrisburg and told of plans for the state convention of the Retail Liquor Dealers of Pennsylvania in Philadelphia October 3, 4 and 5.

Plans were made for a picnic with the place and date to be decided later.

The next meeting of the association will be held June 3 at the Adams House.

Central Fort Of Dien Bien Phu Falls Before Hordes Of Rebels

PARIS (AP)—Premier Joseph Laniel announced today that the central fortress of Dien Bien Phu has fallen.

The announcement came on the heels of reports from Associated Press correspondent Larry Allen in Hanoi that hordes of screaming Vietminh rebels had swept over the outer ramparts of the central defense position.

The fortress had stood siege for 57 days but last night's massive wave of rebels, outnumbering the estimated 12,000 to 15,000 defenders at least six to one, proved too much.

Premier Laniel made the announcement to the National Assembly in the midst of a discussion of routine legislation.

Premier Joseph Laniel announced late today the northwest Indochina bastion "has been submerged."

Fate Of General Unknown
A little fortress named Isabelle, site of the French Union garrison's main artillery, still was holding out three miles south of the bloodied, muddled bastion that had epitomized the Indochina war to the world for 57 days.

GEORGE STROCK TAKES PHOTO OF HUGE PAINTING

George Strock, Los Angeles freelance photographer whose relatives fought in the Battle of Gettysburg, Thursday evening completed the monumental task of "shootings" a panoramic sweep of the Philippoteaux painting of Pickett's Charge in the Cyclorama.

It was the first time that such a picture—which reproduced the curved painting to a flat plane—had ever been successfully attempted and represented a triumph over tremendous obstacles.

Strock told The Gettysburg Times this morning prior to his departure for New York that the colored film is six-foot, six-inches in length and five and one-half inches deep.

The photograph of the world-famed painting, depicting the turning point of Pickett's charge on a huge canvas circling the entire cyclorama, cost the sponsoring Time Magazine in excess of \$3,000.

Publish In July
Strock said he will deliver the photograph to Michael (Mike) Phillips, art director for Time Magazine. Phillips is expected to fly to Chicago where the film will be developed and an engraving made to be reproduced (Continued on Page 2)

Cumberland Twp. School Board Tuesday night adopted a \$108,157.24 budget, approximately \$20,000 higher than last year's, but retained the same tax rate as last year, 27 mills on property and \$10 per capita.

Listed as receipts are the balance of \$5,041 from 1953-54, \$24,882.12 from the 27-mill property tax, \$12,400 from the per capita tax, \$67,072.10 state appropriation and \$800 from all other sources.

SEMINARY WEEK LECTURES END THIS MORNING

"For Christians the Trinity doesn't begin with speculation, but with Christian experience," said Dr. Henry P. Van Dusen this morning in the address which marked the end of the annual Gettysburg Seminary Week lecture program held in the Church of the Abiding Presence.

In his discussion of "The Holy Spirit and the Trinity," the Union Theological Seminary president delved into the history of Christian thought. He pointed out a modern writer's interpretation of universal creative experience and how this is analogous to the structure of the universe.

Gave Two Lectures

"In our inadequate attempts to comprehend the nature of God we are on the right track by delving into our own experience, because we are created in the image of God," he said.

He concluded by reaffirming the statement that the Holy Spirit is the Spirit of God, and the Spirit of Jesus Christ.

In an earlier morning lecture Dr. Van Dusen reviewed his two previous lectures and then considered the Christian concept of the Father and Son in the light of the Holy Spirit. "We cannot look on God objectively, for we cannot separate our spirit from (Continued on Page 12)

Mishap In Square Brings Court Suit

A suit to recover financial losses from an automobile accident on Lincoln Square two years ago was filed Wednesday by H. Walter Rens, Akron, O., against Samuel J. Mattingly, 117 Carlisle St.

The action in trespass, recorded in the office of the prothonotary, placed the time of the accident as May 8, 1952, at the intersection of Carlisle St. and Lincoln Square.

Rens, through his attorneys, Eugene R. Hartman and Seikel and Seikel claimed that at 8:50 p.m. of that date he was walking from the east to the west side of Carlisle St. when the defendant "violently struck the plaintiff with his automobile while the pedestrian was within the lines marked for pedestrian travel."

The petition adds that the plaintiff was thrown up over the left fender of the Mattingly car and sustained a fractured right shoulder blade, a broken rib, and a sprained left wrist.

In reconstructing events leading to the tragedy, Chief of Police Charles L. Sepp said that the husband apparently had imagined that he was being poisoned Wednesday night and had called Dr. William L. Stewart to request him to come to the home. The doctor reported that Schwinn suspected his wife of feeding him doses of nerve medicine which she had been taking under medical advice.

GEORGE STROCK

(Continued from Page 1)

In a July edition of the magazine. The photographer was enthusiastic in his praise of local assistance. "Without the help of the people of Gettysburg I could never have managed the project," he said.

Strock especially cited the efforts of Walter B. Lane, Charles Lupp, Dr. J. Walter Coleman, and Richard Dreas and Maurice Stoops, manager and layout man at the Metropolitan Edison Company. MECO installed special cables to provide the power for the lights needed to eliminate all shadows while the camera revolved slowly about in the center of the cyclorama.

Fears Deterioration

He also thanked among other the Gettysburg Construction Company, the Citizens Oil Company, roofing division, and Gettysburg College student fraternity labor crews who assisted in the moving of special equipment.

Strock expressed concern over the deterioration of the painting. "That painting must be preserved for the future," he said. He also advanced the idea of dramatizing and adding realism to the painting for spectators by the placing of a loud-speaker emitting battle sounds.

The photographer plans to return here Saturday or Sunday to make a panoramic picture of the Battlefield from the same spot at which the original painting was made. Members of the Sons of Union Veterans in Civil War uniforms are to be asked to be in that picture to lend authenticity to the scene.

Relatives In Battle

Strock discovered while here that a number of his relatives took part in the battle and two are buried in the National Cemetery here. The photographer's family was originally from Pennsylvania, but later moved west.

Buried in the cemetery are Sgt. Andrew P. Strock, of the 72nd Infantry, Co. D and W. Emory Strock, who served as a flag bearer with Co. W of the 7th Pennsylvania Reserves. Also taking part in the battle were Pvt. Paul M. Strock of the Co. P of the 140th Pennsylvania Infantry and Cpl. William R. Strock, of Co. D, 95th Pennsylvania.

St. Joseph's Academy Will Mark Centenary Day Sunday

Centenary Day will be observed Sunday at St. Joseph's Academy, McSherrystown, marking one hundred years since the founding of the academy by the Sisters of St. Joseph. In observance of the anniversary, the Most Rev. George L. Leach, Bishop of Harrisburg, will offer a Pontifical Mass of Thanksgiving in the academy chapel that morning.

Members of the alumnae, noting the Golden Jubilee of their organization, will join the sisters and students in the mass.

The Sisters of Charity of Emmitsburg opened the first Catholic academy in McSherrystown in 1854. After the building was destroyed by fire in 1859, the sisters returned to their motherhouse in Emmitsburg. Disappointed at the loss of the school, the villagers restored the building and invited the Ladies of the Sacred Heart to re-open the school in 1862. They labored until 1882 when they were transferred to their motherhouse in Torresdale, Philadelphia.

Reopened in 1854

Two years later, 1854, Mother St. John Fournier came from Philadelphia to find a novitiate and academy on the same site. "With little more than her staunch faith, her valiant courage and the support of the heroic sisters," Mother St. John incorporated her foundation in September, 1854. "McSherrystown Novitiate and Academy of St. Joseph."

For one hundred years the Sisters of St. Joseph have conducted St. Joseph's Academy, one of the oldest institutions of its kind in Pennsylvania.

Town Incorporated
In 1890 McSherrystown was incorporated as a borough. The three-story brick structure houses parlors, music rooms, library, din-

ing hall, classrooms, dormitories, recreation rooms and chapel.

The more than one thousand graduates who have passed through the doors of the school represent nearly every walk of life. Many have entered the religious life.

In recent years the alumnae have given substantial aid in the modernization of the facilities of the academy.

With triple accrediting, including the Middle States, the Commonwealth of Pennsylvania and the Catholic University of America, the academy is equipped to give young women a well-rounded education.

Have Grade School
Facilities for the younger children are equally as good. Girls from pre-school through the eighth grade and boys through the sixth grade are taught at the academy. Day students have the same educational advantage offered to those in residence.

The administrators are: Mother M. St. John, Mother M. Magdalen, Mother Ignatius, Mother M. Genevieve, Mother Sacred Heart, Mother M. St. Ignatius, Mother M. St. Thomas, Mother M. Marceline, Mother M. Perpetua and its present, superior, Mother M. Elizabeth.

Members of the Society of Jesus from the Conewago Mission cared for the spiritual needs of the institution in the early days, but for more than 50 years, St. Joseph's Academy has been a part of the Annunciation Parish, McSherrystown, whose pastor is the Rt. Rev. Msgr. McGee.

The Folger Shakespeare Memorial Library in Washington D. C., claims the world's largest collection of Shakespeare material.

"GOOD-BYE TO LOVE"

When I lost you I lost the world . . . for you were everything . . . without you I'm alone and blue . . . my heart won't smile or sing . . . I lost the gentle hush of spring . . . the stars that drift on high . . . and tenderness beyond compare . . . when you and your good-bye . . . since you have gone there is no joy . . . no bliss or happiness . . . and I reach out for your embrace . . . I long for your caress . . . you were to me all wondrous things . . . you brightened up each day . . . but now it's raining all the time . . . because you went away . . . and though I know I should forget . . . all that you meant to me . . . you are eternally engraved . . . in all I do or see . . . and I suppose as years go by . . . I never will forget . . . the night you took your love away . . . and left me but regret.

Abbottstown

GET \$4,700 FOR FUND FOR TRUCK

A regular meeting of the Abbottstown Fire Company was held Tuesday evening at which time officers for the ensuing year were nominated. The election will be held at the annual meeting in June.

Ronald Hoke, Robert Peltz and Clyde Wagner were named as auditors to check accounts of the secretary and treasurer.

William Smith, chairman of the Truck Fund Drive, reported that approximately \$4,700 had been received to date and that several calls remain to be made. Several members of the Ladies' Auxiliary were present and presented \$400. They requested that the company make some improvement to the rear room of the fire hall so card parties and suppers may be held there during next season. It was felt that the present room is inadequate. Final plans for the carnival July 22, 23 and 24 were also made.

Four members were received into membership. They were: Fred Luca-baugh, Correll Parr, William Win-and and John Yohe, all of Paradise Twp.

The Firemen's Relief Association's treasurer reported foreign fire insurance tax received in the amount of \$427.18.

All meetings during the summer season will be held at 8 p.m.

NUN SAILS FOR INDIA SERVICE

A life-long dream was realized at noon Thursday when Sister Mary Venard of the Sisters of Mercy, Merion, Pa., sailed for Jamshapur, India, aboard the SS Independence from New York. She will be accompanied to India by Sister Marie Clotilde.

The former Miss Regina Catherine McLaughlin, daughter of Mr. and Mrs. Frank J. McLaughlin, Philadelphia, Sister Mary Venard is well-known in Gettysburg having spent a number of summers vacationing here with her aunts, the Misses Rhoda and Elizabeth Breighner, and her uncle, Joseph Breighner, E. High St.

One of four children, she was graduated from West Philadelphia Catholic Girls School and the Fitzgerald-Mercy Hospital School of Nursing, Philadelphia. Before entering nursing's training, she taught at St. Margaret's, Narbeth, Our Lady of Mt. Carmel School, Waldon, and Mater Misericordiae Academies.

Departure rites were held for the two missionaries April 19 at Mater Misericordiae Chapel in Merion. The two sisters will become members of the staff of the Sir Ardeshir Dalal Memorial Hospital at Jamshapur, which has been under the direction of the Philadelphia Sisters of Mercy since last March. Unusual Party Dish

An unusual dish for a party was concocted by the lecturer by molding a liver pineapple "which should prove a conversation piece for your guests," she said. She sauteed chicken, beef and pork liver, mixed it with hard cooked eggs, molded the ingredients into the shape of a pineapple and frosted the exterior with mayonnaise. Sliced olives were placed all over the "pineapple" to resemble rough skin. She topped the mock fruit with the greens from a real pineapple.

Miss Linehan placed the party dish on a lace-covered table decorated with pink lighted candles. In the center was a hollowed out head of cabbage covered with small vienna sausages attached with toothpicks. In the center of the cabbage was a can of "canned heat" to be used by the guests as a miniature barbecue for the sausages.

Fashion Show

A fashion show, presented by Tobey's women's apparel shop, followed the cooking class. Showing the summer fashions were Miss Anna Mae Bigham in a blue and white cotton with matching gloves; Miss Mary Louise Shriver, in black and white cotton with a black linen bolero jacket; Mrs. Laura Swope, in a pink cotton; Miss Valjoy Bender in a lavender and white chintz sun-back dress with a matching jacket; and Mrs. Mabel Young, assistant to Miss Linehan, who modeled a half-size dress in aqua, fashioned with a rhinestone-studded collar. The models wore corsages by courtesy of the Wayside Flower Shop.

Carl A. Baum of The Gettysburg Times thanked the merchants and manufacturers and all persons who helped with the cooking school in any way. He expressed special

Today's Talk

SOMETHING ELSE TO DO
Incentive within our minds and hearts is what continually drives us forward. We can never become idlers by always having in mind something else to do. The reason why so many people become stagnant is that they imagine they have reached their limit of capacity. The great of this earth, however, never considered that they had reached their limit. They died with still something else to do.

None of us know our capacity. It is well that we do not for then we would limit all our efforts and soon lose our incentive to excel and achieve. There must be something within us at all times to keep us stirred and warm with enthusiasm. Continual interest and continual effort to excel are what create the master, be he writer, musician, or mechanic.

In the education of the mind, in the betterment of the city or state, there are always other things—and important ones—ahead to do. We are constantly making new laws to fit new conditions. I have watched with interest people in shops doing things. I have watched them finish up one job and then reach for another, and so on to the end of the day—with something planned out for the morrow—something else to do.

As a boy, I worked on the farm and it interested me to see how active a mind my farmer employer had. No matter what we might be working on, when it was finished, there was always something else to do, some new chore to complete. There was no waste of time. This farmer influenced me greatly in many ways. To this day, I recall his rare common sense.

Time goes rapidly when we have in mind something else to do, for it is the interest in things that arouses our enthusiasm and keeps us wanting to do more and better things. It's the continuity of life that keeps us on our toes, with the clear vision ahead.

Tomorrow Mr. Adams will talk on the subject: "Book Meals" Protected, 1954, George Matthews Adams Service

Just Folks

IN HOSPITAL
They met in wheel chairs in the hall

Where patient soon the doctor's call,
Both garbed, while riding side by side,
In gowns all hospitals provide.
Though one was poor and one was rich
You couldn't tell just which was which.

They fell to talking, as men will
Who find they share a common ill.
A conversational point to strike—
They found their pains were just alike.
Symptom by symptom, good and bad,
Both great and humble patient had.

Day after day they met and joked;
Told where the doctor's fingers poked;
How long they'd slept. That daily trip
Became a bond of fellowship
'Til fame and fortune mattered not
And all distinctions were forgot.

The world makes much of pomp and pride,
But hospitals leave sham outside,
And in the wheel chairs, great and low
Each other better come to know.
They find in pain's persistent grip
Both brotherhood and fellowship.

WIN 20-YEAR SEAWAY FIGHT; HOUSE GIVES OK

CHICAGO (AP)—Proponents of the St. Lawrence seaway today hailed victory in their 20-year fight for congressional enabling legislation but tempered their rejoicing in the realization that fullest benefits are many years away.

The House yesterday approved a bill to authorize a 27-foot-deep channel in the International Rapids section of the St. Lawrence River.

Gov. G. Mennen Williams of Michigan said the action "means that the major barrier to making Great Lakes cities inland seaports will be removed."

Returns To Senate
The measure returns to the Senate, which had previously approved it, for concurrence in minor House amendments. Then it will go to President Eisenhower for signature into law. The President had advocated the seaway as a defense measure and yesterday, after the House acted, said it would also "contribute materially to the economic well-being and security" of both the United States and Canada.

Seaway proponents from the upper Great Lakes region, however, already had set a new target—a supplementary all-U. S. project deepening channels into Lakes Huron, Michigan and Superior, where navigation is now restricted to 21 feet for upbound ships and 25 feet for downbound ships.

The measure authorizing the 27-foot channel into Lakes Ontario and Erie contemplates a joint project with Canada. It would enable ocean-going ships to move inland as far as Toledo. Navigation of the river where the seaway canal would be dug now is restricted to vessels of a draft of 14 feet or less.

No Joy In Ottawa
The House's 241-158 vote for the seaway yesterday, however, evoked no official enthusiasm in Ottawa. Prime Minister Louis St. Laurent said Canada was prepared—and many believed she preferred—to go it alone. That would mean Canada would set and collect all the tolls.

St. Laurent's statement said the government has not changed its position from 1931, when Parliament authorized construction of the whole 305-million-dollar project, but he said he will discuss any "specific proposal" by the United States.

Alarm Revived
As a joint project, the U. S. share is estimated to cost 105 millions, Canada's 200 millions.

Congressional approval revived and intensified alarms of the seaway's long-time opponents—the Eastern and Southern seaports, railroads, coal producers and private power utilities.

The seaway was seen as a potential threat to Philadelphia, which ranks second only to New York as a seaport, and to the industrial expansion of the Delaware River Valley. Pennsylvania coal interests contend the seaway will handle foreign ore and oil, but not those U. S. products.

St. Lawrence Seaway Plan Had OK Of Every President Since World War I; To Take Six Years

By JAMES MARLOW
WASHINGTON (AP)—The St. Lawrence River, which for much of its length separates the United States and Canada, will now be turned into a seaway for ships to travel between the Great Lakes and the Atlantic Ocean.

Until this year Congress always blocked the idea although every president since World War I, including President Eisenhower, was for it. The Senate approved it in January and the House yesterday. That does it, except for some minor differences between House and Senate versions expected to be worked out without controversy.

The work which can begin now will take six years and cost the United States about 105 million dollars. It will cost Canada more. But it will be a joint task undertaken by the two countries.

To Pay For Itself
It's expected to pay for itself in 50 years through tolls collected from the ships passing through. What has to be done: deepening the river in some places and building some canals and locks.

The good expected from it: cutting 1,000 miles off the open sea route to Western Europe; giving the United States just that much more transportation in case of war. The Great Lakes shipyards could build ocean-going ships, at least up to the size of destroyers. And the Middle West will have a direct water route to the sea, meaning cheaper freight rates.

Condemned Man Gets Week's Stay
HARRISBURG (AP)—Gov. John S. Fine today issued a respite postponing the execution of Joseph Bibalo, Susquehanna County, from the week of May 10, to the week of May 17.

The governor said the stay was issued because Bibalo applied for a rehearing of his case before the State Pardon Board. The board has not yet acted on the request.

Bibalo, 23, from Uniondale, was convicted of shooting and then beating and slashing Anthony Shema on a Susquehanna County road in 1951.

The slaying occurred in a wooded area near Elk Mountain while Shema was returning from a hunting trip. Bibalo was first scheduled to die March 15 but the date was put off for a study of a sanity report. He was sentenced to death in April 1952.

MOTHER'S DAY SPEAKER
Prof. Francis E. Reinberger, of the Lutheran Theological Seminary faculty, Gettysburg, will speak at the Mothers' Day program in St. John's Lutheran Sunday School, New Freedom, at 9:30 a.m. Sunday.

Plan Power Dams
The United States will set up a federal corporation, headed by an administrator and a five-man advisory board appointed by the President with Senate approval, to look after United States interests and work out agreements with Canada on the tolls.

In the meantime the state of New York and the province of Ontario plan to build power dams with a capacity of 12,600,000,000 kilowatt hours of electricity, to be divided equally between New York and Ontario.

The total cost of that program will be 600 millions. New York may distribute its share of the power as far east as Maine.

State Asks Bids On Road, Bridge Work
HARRISBURG (AP)—The State Highways Department today awarded a \$169,763 contract to the Middlecreek Construction Co., Middleburg, for construction of 2 1/4 miles of U. S. 220 in Muncy Twp., Lycoming County.

At the same time the department fixed May 28 to receive bids on these projects:

Adams County—Widen and surface 3 1/4 miles of Rt. 94 in Reading, Huntingdon and Latimore Twp.; build one bridge over Bermudian Creek and extend three other bridges over other streams.

Cumberland—Construct 2 miles of Rt. 174 in South Middleton and Monroe twps. including one arch over Bolling Springs Run and a bridge over Cockley Run.

No Special Favors For Eddie Fisher

PHILADELPHIA (AP)—Singer Eddie Fisher, one of several entertainment and sports figures whose Army careers are being investigated by a House subcommittee, said he sought no special favors or assignments during his two years in service.

"I did everything in camp that every other guy in basic did," said Eddie at an alumni function at a Philadelphia high school which he once attended.

The House Armed Services subcommittee is looking into charges that some athletes and entertainers were coddled while in the Army.

Fisher said he handled singing chores and entertained troops here and in Korea and Germany while in uniform. "I was ordered to," he added.

TRYING TO HARNESS H-bomb For Peace

PHILADELPHIA (AP)—Sen. Hickel (R-Iowa) has made the first known public disclosure that American scientists are trying to harness the power of the H-bomb for peaceful purposes.

Heretofore, scientists have admitted the possibility of controlling thermonuclear power, but have generally assumed it could only be used destructively.

Hickel, vice chairman of the Joint Congressional Committee on Atomic Energy, did not elaborate on his statement made in a speech yesterday before the World Affairs Council of Philadelphia.

"There is a possibility of direct production of power through controlled thermonuclear reaction," he said.

ing the framework upon which to build safety organizations." The conferences were scheduled at these state teachers colleges: Bloomsburg, California, Cheyney, Clarion, East Stroudsburg, Edinboro, Indiana, Kutztown, Lock Haven, Mansfield, Millersville, Shippensburg, Slippery Rock and West Chester.

Hanover Blanks Warriors 2-0 In Tight Pitchers' Battle; Shippensburg Here Monday

Elton Martin, Gettysburg High School twirler, dropped a tight pitching duel to Bob Forry of Hanover Thursday afternoon as the Nighthawks blanked the Warriors 2-0 in a South Penn League game at Hanover.

Martin gave up but five hits and struck out five batters. Forry was even tighter with his hits, yielding only four, while whiffing three.

Hanover's runs came in the fourth frame when Leister led off with a double, the only extra base blow of the game. Newman singled in Leister. Gobrecht fanned but Bowman reached base on an error and Newman scored.

In the fifth inning the Warriors secured two of their hits, singles by Fred Furney and Jay Hartzell, but could not manufacture a score.

The loss was the fifth of the season for the locals against one victory.

Next Monday at 3:30 the Warriors will be host to Shippensburg in another league contest.

LAUSSE, VARONA FIGHT TONIGHT

NEW YORK (AP)—The south of the border boys take over the Friday night fights tonight with Ed and Chico Varona of Havana meeting in a 10-round match at St. Nicholas Arena. The bout, scheduled for 10 p.m. will be carried on network radio (ABC) and television (NBC).

Lausse, 26, has ambitions on the middleweight title if he can make friends and influence boxing commissions by stretching his 15-fight winning streak. On a "quickie" invasion of the states last year, he knocked out three opponents on the small club circuit. In his first start on this trip he outpointed Jesse Turner, April 12 at Brooklyn's Eastern Parkway.

Charlie Johnson, Lausse's manager, points to his record of 14 knockouts in his last 15 fights and his career mark of 36 knockouts in 54 starts. He has a 47-5-2 mark since he turned pro in 1948 and never has been stopped.

Despite Varona's position as No. 7 challenger in the welter ranks, he is an 11 to 5 underdog to this unranked Argentine who will outweigh him by eight or nine pounds. Varona has a 53-13 record with 33 knockouts, making it a total of 71 knockouts in 120 fights for the two battlers.

Roger Bannister, Oxford Medical Student, Crashes 4-Minute Barrier In Track's Feat Of The Century

OXFORD, England (AP)—Roger Bannister, the master miler who crashed the four-minute barrier, drew back into his shell of shyness today while the athletic world acclaimed his feat of the century.

The quiet, 25-year-old medical student shattered the world record with a dazzling 3:59.4 clocking in the blustery cold here last night and thus won the race to the peak of trackdom's Mount Everest—the four-minute mile.

"I think the four-minute mile has been overrated," he said quietly as if trying to justify his feat. "After all it's only a time. The essence of athletics is racing against an opponent rather than a clock."

"Other Runners Will Do It"

He said he was tired at the end of the race and that he knew he'd just about made it to the end.

"I think people have been frightened of this four-minute mile," he said. "Now that it's been broken, I'm sure other runners will break it, too."

He added that at the 660-yard point, his Austrian physical training adviser, Franz Stampfl, called: "Relax, relax."

"That call made me feel really good," he said. "I felt then I had a great chance. As I neared the end of the third lap for the first time I felt really confident I could do it."

"When I got to that last bend, I wasn't thinking of anything in particular. I just couldn't think. I saw the tape faintly ahead, put everything into getting there and that was the last I knew about it."

That's how the slim, six-foot one-inch speedster broke Gunder Haegg's record of 4:01.4 that had stood since 1945. His quarter-mile clockings for the four-lap track were 57.5, 60.7, 62.3 and 58.9.

3:56 Mile Possible

Although, the slight 157-pounder was unimpressed by his great effort, he did acknowledge that the 15-mile-an-hour wind in the Ifley Road track might have cost him two seconds.

"I think the 3:56 mile is within reach," he said. But he didn't say he'd be the one to do it.

This was his first race since last fall and along with his mother and father, about 1,000 spectators were on hand. It was on the very cinders where eight years ago he ran his first mile race as an Oxford freshman—in more than five minutes.

Powell said that was right, and the subcommittee lodged no charges of any kind against Saddler. The boxing champ was invited to testify himself if he felt he had been "aggrieved" by the hearing.

Col. John S. Rooms, deputy commander of Ft. Jay, N. Y., told the investigators that when Saddler was discharged from the Army last month he gave the fighter a personal letter of commendation "for his efficient performance of duty as a soldier."

Under questioning by Rivers, Rooms acknowledged that "if I'd known he'd double-crossed the government, I wouldn't have done it."

He added that from his personal observation Saddler had been "an outstanding soldier."

The alleged double-cross was brought out in testimony by Powell. The general said Saddler had signed up for a fight while on leave but that the fight was not scheduled to come off until six days after the leave had expired.

He said Saddler then asked a 15-day extension of his furlough, claiming his wife was sick and needed him at home.

Powell testified that Saddler should not have been on leave at all, stating that the featherweight king had been given a 30-day furlough from his assignment as athletic specialist in Germany through "an administrative error."

ASK MORE DATA ON "CODDLING" OF ATHLETES

WASHINGTON (AP)—House investigators called today for more information on the Army activities of Sandy Saddler after hearing that the featherweight boxing champion "double-crossed the government" about an application for furlough.

Also ticketed for scrutiny by a House Armed Services Subcommittee in public session were allegations of Army "coddling" of Sugar Ray Robinson, former middleweight champ, and Willie Mays, New York Giants outfielder.

Brig. Gen. Herbert P. Powell, deputy director of Army personnel, said the Army was taking "full responsibility for any case of so-called pampering of athletes."

Rep. Rivers (D-SO), a subcommittee member, who raised the question of a "double-cross" by Saddler, said he got the impression that "if there was any coddling of anyone, it was coddling on the part of the Army."

Powell said that was right, and the subcommittee lodged no charges of any kind against Saddler. The boxing champ was invited to testify himself if he felt he had been "aggrieved" by the hearing.

Col. John S. Rooms, deputy commander of Ft. Jay, N. Y., told the investigators that when Saddler was discharged from the Army last month he gave the fighter a personal letter of commendation "for his efficient performance of duty as a soldier."

EAST AND WEST
REPORTED SPLIT
OVER CHAIRMAN
FOR SESSIONS

By EDDY GILMORE

GENEVA (AP)—East and West were reported split Thursday on the chairmanship of the Indochina sessions of the Geneva conference. There were signs the negotiations to bring peace in Indochina may have to be postponed until next week.

Delegates had hoped to open the talks today or Saturday. Vietnamese and Laotian delegates got in today. The rebel Vietminh contingent already was on hand. But the hope for quick action faded with the lack of agreement on the chairmanship and the fact delegates from Cambodia, partner of Viet Nam and Laos in the Associated States of Indochina, have not arrived in Geneva.

And a Paris crisis over the Indochina war situation competed for the attention of the diplomats in Geneva. The fate of Premier Joseph Laniel's government was tied to a vote of confidence in the French National Assembly. Experts predicted that, after hours of debate, Laniel would win. Foreign Minister Georges Bidault decided to stay on the job here, rather than return to Paris personally to combat an outburst of parliamentary criticism.

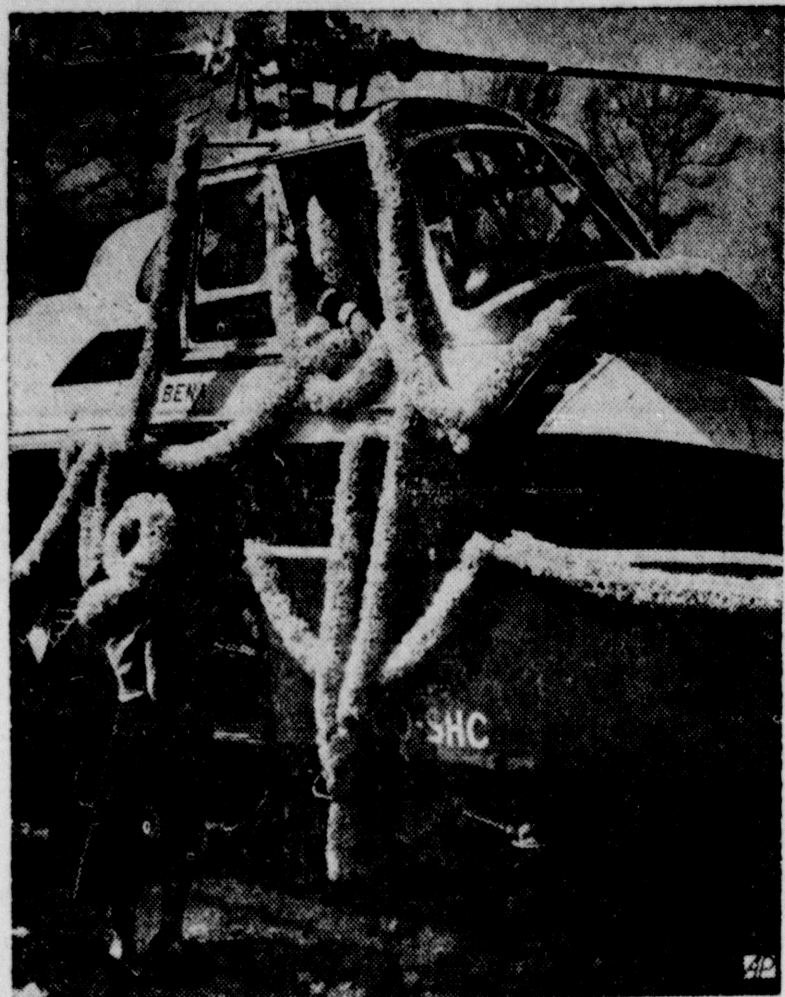

French Instruction

The French Cabinet, meeting in advance of the Assembly session, drafted fresh instructions for Bidault on the Indochina negotiations and assigned Marc Jaquet, minister for the Associated States, to bear them to Geneva. There was no hint as to what the instructions were.

U.S. Undersecretary of State Walter Bedell Smith received from British Foreign Secretary Anthony Eden an account of discussions Eden had with Soviet Foreign Minister V. M. Molotov after a dinner meeting at the Briton's villa last night.

An informed source said that Eden, acting on behalf of the United States, France and other interested countries, suggested a chairmanship rotating among Bidault, Eden and Molotov. While Molotov did not immediately reject this suggestion, it was said he showed no great interest in it.

slaying of a teen-age neighbor girl.

A jury of nine men and three women deliberated less than two hours before returning the verdict. Capps had admitted shooting 15-year-old Marta Gibbons through the head but maintained he was intoxicated and temporarily insane.

The girl's frozen and partially clad body was found by the edge of a lake several miles from her home in the new community of Levittown last Jan. 25.

Capps testified he and the girl had been intimate in the rear of his automobile, with her consent. He said they later argued and he shot her. The state contended he acted in fear she would tell his wife, who was expecting a baby at the time.

AWARDED PLAQUE

The convention was attended by more than 400 processors and dealers throughout the state.

Fairfield

FAIRFIELD (AP)—Mrs. P. C. Musselman is visiting relatives in Oregon.

"Blossom Time" was the theme used by the Junior Class of Fairfield High School for the Junior Prom last Friday evening. The gym was attractively decorated with blue and white streamers depicting the sky, and a profusion of real flowers with a background of letters spelling "Blossom Time" on the stage. In the center of the dance floor, a picket fence surrounded artificial grass with stepping stones leading to "Blossom Time." The Biglierville orchestra furnished the music for dancing from 8:30 until 12 o'clock. Sandwiches and punch were served to the members of the Senior and Junior Classes, guests, faculty members and members of the school board. The affair was semi-formal.

Mrs. George Inskip, chairman of the Cancer Drive for the Fairfield area, and the following solicitors: Shirley Ann Fleming, Dotty Myers, Peggy Johnson, Mrs. Joseph Scott, Geraldine Caskey, Nancy Weikert, Martha Moritz, Joanne Weikert, Jean Sites, Mary Harbaugh, Mrs. Ira McGlaughlin, Mrs. Henry Neely, Mrs. Earl Hartzell, Mrs. Francis Dayhoff and Barbara Miller, have reported that collections to date amount to \$241.33.

Guests at the home of Mrs. Ella Reed Sunday were Mr. and Mrs. Golden Miller, Mr. and Mrs. Aaron Pfeffer and children, Sandra and Trudie, Waynesboro, and Debbie Shatzer, Chambersburg.

Philip Smith fractured his arm in a fall at the home of relatives Sunday.

Russell Would Vote
To Re-commit Bill

WASHINGTON (AP)—Georgia's Sen. Russell said Thursday he would vote to send the Taft-Hartley revision bill back to the Labor Committee "if it can be shown that Democrats on that committee did not have the fullest and freest right" to have their proposals considered there.

Russell, sometimes considered an unofficial spokesman for Southern Democrats, said in an interview:

"Denying a minority their rights in committee is no way to run a committee."

The Senate may vote today on a Democratic move to send the bill back to committee. If the move succeeds it may kill the measure for this session.

2 FACE DEATH IN GAS CHAMBER FOR KIDNAPING

SAN FRANCISCO (AP)—Two former private detectives condemned to death for a kidnaping in which the victim was rescued and no ransom was paid faced the San Quentin gas chamber with radically different attitudes today.

Dapper, 52-year-old Harold Jackson and mild Joseph Lear, 43, were convicted late yesterday under California's Little Lindbergh Law of kidnaping Leonard Moskowitz, 36, a real estate broker, Jan. 16. They demanded \$500,000 ransom; later \$300,000.

Death Automatic
The jury of six men and six women found that Moskowitz had suffered bodily harm in being chained and threatened with a knife before he was rescued by police after 61 hours in captivity. The jurors automatically condemned the two to death by not recommending leniency.

The verdict didn't seem to bother Jackson, a onetime sailor and an all-time adventurer, who operated a wartime private guard agency on the San Francisco waterfront.

"Rocking Chair's Got Me"
Brought into court in handcuffs to hear the verdict late in the 33rd trial day, the convicted mastermind of the Moskowitz kidnaping cracked to his lawyer: "Cheer up, pal, the worst is yet to come. Here's where we get that old rocking chair."

As the verdict was read, pointedly omitting any leniency recommendation which could have resulted in life imprisonment, Jackson grinned and circled his right forefinger and thumb in a symbol of triumph.

"Well, well, old rocking chair's got me," he said.

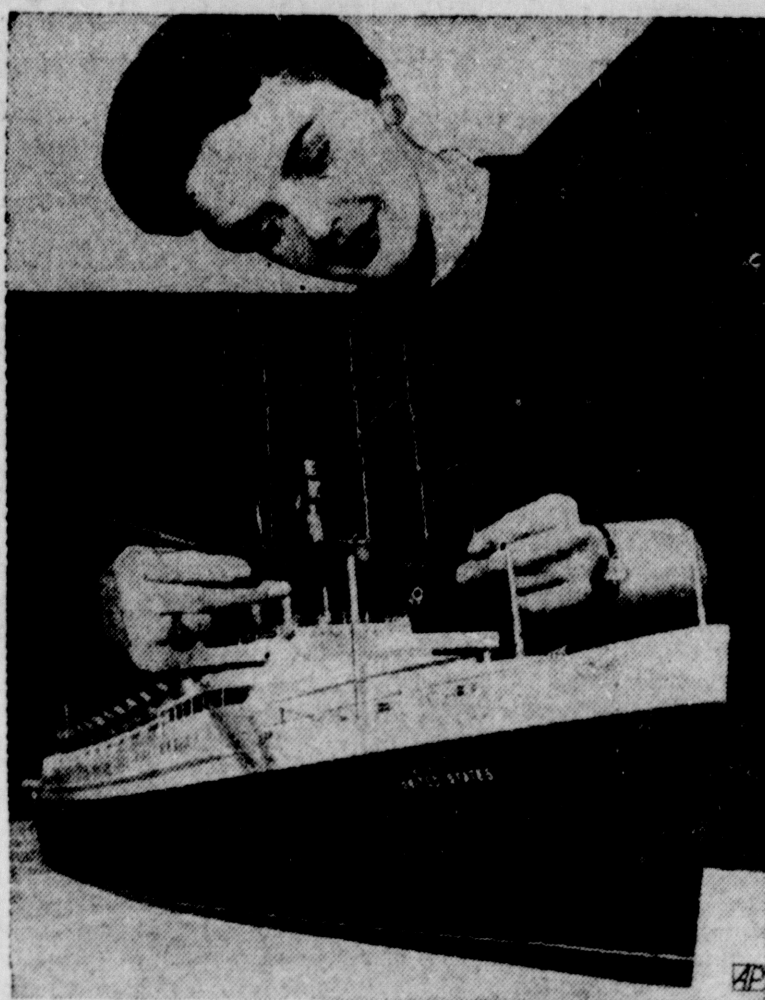

Then he laughed aloud at Lear, whose face was strained and taunt.

Laughter At Lear
When an identical guilty verdict was read for Lear, Lear broke into tears.

His pretty 23-year-old wife Betty, who sat in the first row with his mother and father, Mr. and Mrs. James Lear of Havre, Mont., stared for a moment, then plunged her face into her hands. Both women sobbed.

Superior Judge Twain Michelsen said he would hear arguments Tuesday for a new trial before pronouncing sentence.

LEADING FIRMS SHOW PROFITS EQUAL TO '53

NEW YORK (AP)—Profits of 616 leading American corporations for the first quarter of this year ran about even with a year ago, an Associated Press compilation showed today.

Their aggregate net income was \$1,884,221,000 compared with \$1,878,826,000 in the first three months of 1953—actually a gain of a little less than three tenths of 1 per cent.

Elimination of the excess profits tax last Dec. 31 played a major part in sustaining earnings and enabled some companies to show substantial gains.

GM Gains
The giant General Motors Corp., with a tax bill 144 million dollars lower than a year ago, gained nearly 38 million dollars in profits. E. I. du Pont de Nemours & Co.

had 48 million dollars less in taxes and 17 million more in earnings.

But industries and companies did not share alike. Fifty-seven railroads showed a 50 per cent decline in profits, 19 textile companies were down 84 per cent, 37 steel companies were off nearly 22 per cent, and 19 nonferrous metals companies down 16 per cent. Eight airlines reporting had an aggregate loss of more than three million dollars compared with 4½ million profits a year ago.

Other Firms Up
On the other hand, seven aircraft manufacturers were 48 per cent ahead of a year ago due in large part to heavy output of military planes.

Thirty-one oil companies, receiving tax benefits under depletion allowances, turned in profits nearly 17 per cent higher than in the first three months of 1953. Fifteen pulp and paper companies gained 20 per cent and 67 electric and gas utilities companies were up 7 per cent.

HEMISPHERIC PEACE CITED

HAZLETON, Pa. (AP)—Should healthy political and economic relations between the U. S. and Latin America falter, says a prominent Pennsylvania educator, "there would seem to be little hope for success . . . toward peace in a larger world."

Dr. Milton Eisenhower, president of the Pennsylvania State University, spoke at a meeting of the Anthracite Chapter of the Ameri-

can Institute of Mining and Metallurgical Engineers yesterday.

The educator, who last summer headed a mission sent to South America, outlined five requisites he said were necessary for good relations among Western Hemisphere nations:

Genuine understanding among governments and peoples, mutual respect, the sovereign equality of nations, mutual security and a united and firm adherence to common goals.

GUARANTEE OF ANNUAL WAGE IS CIO DEMAND

PITTSBURGH (AP)—A guaranteed annual wage—long one of labor's principal aims—and an unspecified pay increase keynote 1954 contract objectives of the powerful CIO United Steelworkers.

The union outlined its program for negotiations with the basic steel industry, due to start later this month, as the 170-member USW wage policy committee opened a two-day conference yesterday to draft final bargaining plans.

A four-point program embodying demands for the guaranteed annual wage and a pay boost was adopted by the union's 30-man executive board and presented to the

policy committee. Final approval is seen only as a formality.

Rounding out the program are demands for improved insurance and pension plans and better contract terms on such items as seniority, holidays, vacations, overtime, severance pay and local working conditions.

David J. McDonald, USW president, said the policy committee took up the wage and pension insurance points at the first day's session.

He declined to state what wage hike the union wants for its 600,000 members in basic steel now earning an average of \$2.14 to \$2.24 an hour.

On the guaranteed annual wage, McDonald said the proposal to be presented at the bargaining table will "likely follow the general trend of a plan which the union has been discussing."

He said the plan calls for formation of a supplemental benefit income to be paid to unemployed workers out of a trust fund. He didn't go into details.

Investigators reported that Schwinn was found lying on a couch on the first floor with the butcher knife in his throat. He was still alive, but died shortly after authorities arrived.

Dr. James T. Marsh, Carroll County coroner, said there would be no autopsy performed and signed the death certificate as murder and suicide.

M'CARTHY HAS TO WITHDRAW IMPROPER WORD

WASHINGTON (AP)—Sen. McCarthy today denounced one of the original Army charges against the McCarthy camp as "this lie" but was ordered to withdraw the word.

Ray H. Jenkins, special counsel to the Senate Investigations subcommittee, sternly told the senator his language was improper in a question to Secretary of the Army Stevens.

Chairman Mundt (R-SD) ruled McCarthy could ask whether the charge was "true or false."

The charge, originally put out by the Army but not included in the formal Army bill of specifications for the McCarthy-Army hearings, was to the effect that Roy M. Cohn was so "upset" by Army handling of Pvt. G. David Schine he could not attend a luncheon on Dec. 10. Cohn is general counsel to the McCarthy subcommittee.

Charge Is Not Fake
McCarthy said Cohn had "exploded that lie" in telling about the matter on a TV program. He asked Stevens whether it was not true that Cohn did not attend the luncheon because Cohn's father

was ill in New York.

The luncheon, at the Carroll Arms Hotel here, was attended by McCarthy, Francis P. Carr, chief of the McCarthy committee staff, and Stevens.

Stevens testified the charge was not "false." He insisted Carr had told him at the luncheon that Cohn was very upset about Schine.

This particular charge was included in a "chronology of events" in the Schine case prepared by the Army and given to some senators. McCarthy charged the chronology was "leaked" to Joseph Alsop, a syndicated columnist for the New York Herald Tribune, weeks earlier.

McCarthy again mispronounced

BIG 3 WANTS TO TALK PEACE ON SATURDAY

By EDDY GILMORE
GENEVA (AP)—The Big Three Western powers decided today to propose to the Communists that the Indochinese peace talks begin tomorrow afternoon.

The last apparent obstacle for the opening of the talks was removed when the French agreed to have the chairmanship rotate between British Foreign Secretary Anthony Eden and Soviet Foreign Minister Vyacheslav M. Molotov. This was understood to be satisfactory to the Communists.

The Western powers agreed to have W. D. Allen, British undersecretary of state for foreign affairs, notify Soviet Deputy Foreign Minister Andrei Gromyko that the West is ready to meet tomorrow. It had been arranged several days ago that the meeting would be convened whenever the Western delegations were ready.

Plan Strategy
Final strategy was discussed at a midday conference of Eden, French Foreign Secretary Georges Bidault and Undersecretary of State Walter Bedell Smith. French sources said Bidault planned to open the conference with a statement about the plight of the sick and wounded at beleaguered Dien Bien Phu. These sources said, however, Bidault did not want the question of a Dien Bien Phu truce to be discussed by the conference. France has taken the position that this should be discussed by the two sides on the spot and not here.

News of the agreement on the chairmanship came as the East-West delegates returned to their deadlocked debate on Korea after a three-day recess. But the two

the columnist's name, "Alsop."

McCarthy told Stevens at one point that "I think 95 per cent or more that is going on here is not your fault."

"I'd like to know who has been shoving you into this," McCarthy added.

Stevens said: "Nobody is shoving me into" criticism of McCarthy. "Then you are personally responsible for the charges against Mr. Cohn, Mr. Carr and me?" the Wisconsin senator asked.

"Some of them," Stevens replied. McCarthy several times has expressed the view that Stevens is being "used" by others in their controversy. He once called Stevens a "dupe" and referred to him yesterday, as a "tool."

A point of possible explosion as the hearings moved into this 12th day was an assertion by Sen. McCarthy that "I don't intend to" keep secret purported FBI data on security risk at Ft. Monmouth, N.J., unless FBI Director J. Edgar Hoover adds his veto to that of Atty. Gen. Brownell.

Philippines Vice President Carlos P. Garcia rejected Communist proposals on Korea as being "in conflict" with the settlement proposed by the United Nations. Leading the resumed debate, the Philippine leader also attacked Red China's claim to speak for Asia as "downright presumption."

Garcia Defends U. S.
Garcia hotly defended the United States from Communist charges of imperialism in Asia.

Referring to the U.S. grant of independence to the Philippines after World War II, he said "let the Filipinos bear witness before the world that such a charge is a violent distortion of history."

Despite the Western belief the last hurdle had been cleared for the start of the Indochina talks, a potentially jarring note was injected by an official spokesman for Red China, Huang Hua.

P. O. JANITOR CHARGED WITH STEALING \$44

HARRISBURG (AP)—A Chambersburg Post Office janitor today faced a federal grand jury indictment on a charge of stealing letters containing money.

The grand jury yesterday indicted George D. Straley on a charge of taking \$44.55 from three of eight letters taken from the Chambersburg Post Office April 21.

Seven of the letters were addressed to a Chambersburg Finance Co. and the eighth was from the company to a debtor.

Two other indictments handed down by the court were against Stephen G. Gillich, plant manager, and Anthony H. Blanken Jr., vice president, both of the Excell Tool and Die Co., Inc., Garwood, N.J. The concern and officers are

charged by the true bills with conspiracy to defraud the United States and Army and Navy by over charging for labor costs on a defense project.

The case involves a subcontract with the Daystrom Co. of Archbald, Lackawanna County, for production of articles for the Army and Navy.

The indictments described the Pennsylvania firm "an innocent intermediary."

The New Jersey men are charged with conspiracy to defraud by overstating labor costs and overcharging the government \$34,289 in 1952.

SEMINARY WEEK

(Continued from Page 1)
 God's Spirit," said Dr. Van Dusen.
Prof. Reinberger Speaks
 "The average worshiper makes little contact between the liturgy and the issues of community life," Professor Francis Reinberger said in his lecture on "Community in the Liturgy." By means of a historical study and a brief analysis of the liturgy, the Swope lecturer showed the community aspects of the liturgy. Avenues of contemporary applications may be found in evangelism, Christian vocation, spiritual healing, and world mission enterprises, he continued. The liturgy is an instrument of the church which may meet community life, he added.

Addressees Alumni
 "We are journeymen of the Gospel," said Dr. Ralph Tabor in his address to the alumni at their annual luncheon Thursday. His subject was "Paradoxes of the Parish Ministry." Phases of the minister's life were discussed.

The subject of the evening lecture by Dr. Frank Laubach was "Lift the World or Lose It." The Church alone cannot save the world in the present crisis, he said. It will require the services of many devoted Christian people. "But, all our efforts will fall flat unless the Church discovers and sends forth an army of technically skilled men and women with the flaming love and the glorious integrity of Christ," the speaker declared.

Dr. Laubach concluded his second lecture with an appeal to the people: "Your part now is to tell everybody, everywhere, everyday, of this desperate need and this imperative crusade for Christ and humanity. Your part now is to add your fuel to this spreading Christian fire, to make it a fire more consuming than Communist treachery and deceit, hotter and a lot more creative than the fire of the hydrogen bomb.

"Either we do this or the Communists win!"

presented the 3 p.m. lecture Thursday.

His general theme was "Preaching to People's Need." He listed five types of people to whom the preacher always must preach: the bereaved, the lonely, the unforgiven, the discouraged and bewildered and the ashamed and humiliated.

"It is the true purpose of the minister to comfort these people in the truest meaning of the word. In our preaching comfort there are three prerequisites," said the speaker. "We must show them, we must know them, we must love them."

 De Castries was estimated on the eve of the showdown battle to have 14,000 men, including wounded, at his command. These were Frenchmen, Foreign Legionnaires, Vietnamese and North Africans. There were about 1,000 wounded in underground bunkers of the fort. All efforts for a truce to evacuate them had failed.

TEEN TALK

By VIVIAN BROWN

The Associated Press
Modern teen-agers travel the high seas, go on jungle safaris and climb the highest mountains for excitement. Country kids go to cities and city kids to farms. All seek adventure on another lawn. So many young people spend weekends and vacations in cities these days that hotels try to make their stay happier, safer and less expensive.

One New York City hotel has a college representative, Anne Hillman, to help young people organize their trip and answer questions. Timid teenagers normally hesitate to ask.

Travel Hints
Here are some of Miss Hillman's helpful hints for travelers: Hotel reservations should be made at least two weeks before leaving home. Special rates and arrangements are made for students by many hotels, so inquire. If you want quick hotel confirmation of your reservation, expect to pay for the collect wire.

In choosing a hotel, investigate the section of town it is located in. It costs just a little more for a better neighborhood most times. If arriving with a group give details. Tell how many and give each person's name. Tell the hotel your arrival and departure time.

Starts Life Term For Wife Slaying

CHAMBERSBURG, Pa. (AP)—William L. Kennedy, Lemoyne, today began serving a life sentence in Eastern Penitentiary for the murder of his estranged wife less than three months ago.

When the 41-year-old convicted killer was asked by Judge Edmund C. Wingerd if he had anything to say before sentence was pronounced, Kennedy said:

"I have no definite proof my wife is dead. I never viewed her body and I never saw a death certificate. I only know what I have heard and read."

Kennedy was convicted of shooting his wife in her apartment last Feb. 10.

After 6 o'clock the hotel doesn't need to hold a reservation but will if you give an exact time. If plane or train is delayed, wire the hotel at once so your reservation will be saved. Check-out time is 3 p.m. but the hotel will give you more time if needed. Just ask.

Tip Tips
About tipping—bellboys expect 25 cents a suitcase, 50 cents for three. He must take you up to your room to make sure everything is in order, so don't say "I don't need a bellboy." If you plan to stay at a hotel, figure those tips into the rate automatically. In a restaurant 15 per cent is considered standard. If a maid does special services, she'll expect a tip. Learn how to read a menu. A complete dinner always states

"complete dinner." Coffee shops are your best bet if you want good food at reasonable prices. Main dining rooms in hotels are likely to offer only a la carte service. If you wish to go into a main dining room where there is entertainment without a date, inquire of assistant manager or college representative if it is permissible.

Beware Strangers
It is sheer foolishness to speak to strangers. And don't be impressed by flattery. Don't visit hotel rooms of new acquaintances.

If boys you know come to pick you up for a date, don't invite them to your room. Let them call on the house phone, then meet them in the lobby. After your date say good night in the lobby, not at your room.

College girls should remember hotel rooms are not dormitories. Even if rooms are all together, your group shouldn't dash around in halls wearing night clothes, curlers, etc.

As far as your room goes—keep it neat and don't leave valuables to tempt someone. Money, jewels, etc. should be left in the hotel safe. Keep your door locked at night. If your hotel requires it, turn the key in at the desk each time you leave the hotel.

If you are ill call the physician who is always on duty in a good hotel.

When sodium vapor is burned it produces a bright yellow flame.

TWO STRIKING BUS DRIVERS ARE ARRESTED

HARRISBURG (AP)—Two striking bus drivers of the Harrisburg Railways Co. were arrested yesterday while operating "courtesy cars" and charged with transporting persons for compensation without proper license.

The arrests were made by agents of the Public Utility Commission who charged the men accepted money for transporting them in the cars.

Fines and costs totaling \$34 each were held in abeyance by Alderman John L. Madden for John McAndrews Jr., union secretary, and Paul Hale.

Madden told the men to "hold your money for awhile." The striking union drivers have been operating the courtesy cars since the company employees walked out three weeks ago over a wage dispute.

The striking drivers use their own vehicles to carry commuters. The PUC said they are subject to arrest if they are caught accepting any money for their service.

The service was curtailed briefly about 10 days ago when 4 drivers were arrested and fined.

Upholds Increase In Bridge Toll

WASHINGTON (AP)—Army Secretary Stevens has upheld a toll rate increase for the Camden-Philadelphia Bridge which was recommended by the Delaware River Port Authority.

The Army, announcing the action, said the increase is from 20 to 25 cents for passenger cars. Stevens held that the increase does not exceed the "reasonable and just" tolls described in the Federal General Bridge Act of 1946.

But, he said the Philadelphia-Camden bridge tolls should be re-examined when a new bridge between Philadelphia and Gloucester, N. J., is opened.

Death Special: 50 Pct. Off To Lady Killers

ADEN (AP)—If a man kills another man, in Al-Madurah village, in Aden's western protectorate, he must pay 700 Maria Theresa dollars as blood price. But if the killer is a woman, a 50 per cent discount is granted.

The rule was applied recently to a woman who stabbed to death a boy and a girl, the brother and sister respectively of another woman whom the murderer's husband wanted to take as second wife.

DEMOCRATS ASK END TO "CIRCUS" ON TV, ACTION TO BLOCK WAR

By D. HAROLD OLIVER
WASHINGTON (AP)—Democrats have put up a cry for the administration to be done with "circus luxuries" and "TV spectacles" and come up with action to prevent a cold war from blowing hot.

The Republican campaign slogan of 1952, "Clean Up the Mess in Washington," was thrown back at the party in power last night at a Jefferson-Jackson Democratic dinner that brought out an estimated 1,500 diners at \$100 a head—or \$150,000 for the drive to elect a Democratic Congress this fall.

Speakers told the cheering throng that Republicans have created "messes of their own" in the McCarthy-Pentagon row and have suffered serious "reversals" on the Indochina question.

Southerners There
Unlike many previous \$100-a-plate dinners by the Democrats in Washington, last night's glittering affair was generously attended by Southerners. They sat alongside old "New Dealers" and "Fair Dealers" in at least an outward show of unity.

Former President Truman, who, with his family, was a featured guest, told the diners in a brief informal talk: "As leaders of the free world we must have the friendship of our allies and we can't have that if we insult them."

Sen. Lyndon B. Johnson of Texas, Senate Democratic floor leader, declared the Eisenhower administration has been "caught bluffing by our enemies" and this country now stands in danger of being "left naked and alone in a hostile world."

Is GOP Problem
Rep. Sam Rayburn of Texas, House minority leader, said the people heard a lot about a "mess" in 1952 "and you are hearing a great deal more now." He said Sen. McCarthy (R-Wis.) is the "problem" of the Republicans, not the Democrats, and declared that if the principals in the McCarthy-Army scrap were Democrats, all Republicans and a majority of the newspapers would be saying: "This is the biggest mess that Washington has ever witnessed." Adlai E. Stevenson, the Demo-

cratic presidential candidate in 1952, sent a message predicting that the Republicans will have "considerable experience as a minority after November of 1954." He himself was not able to attend the banquet because of a kidney operation.

Truman and Dean Acheson, his

secretary of state, were given standing ovations when introduced.

Duels in the modern sense were not known in the ancient world.

The word "dollar" is a modified form of "thaler."

LADY CAB LINE OPERATOR SAYS HACK NO PLACE FOR A WOMEN

BOSTON (AP)—When there's an appointment to keep or a train to meet, Emily Rockett never has to worry whether she can get a taxi. She owns a fleet of 90 taxicabs.

Emily has been president of the Boston Cab Co. since 1943. Her father died when she was 23 and Emily inherited the business.

Employees of the company, many of them 25-year veterans, took a wait-and-see attitude when one rainy, dismal morning the pretty brunette walked through the Beacon Street doors into the executive offices.

Hack Novice
"I didn't know a thing about the taxi business," Emily admits. "My only previous experience when cabs was as a passenger."

"I had majored in government at Radcliffe and in business at Simmons. Then I spent a year as a social worker. But this was a different kind of business. My father had pioneered one cab into a cab company and it was up to me to keep it going."

Jolted into a world of carburetors, generators and clicking meters, Emily took what she terms a

Bulgar Party Purge Cuts Red Enrollment

ISTANBUL (AP)—Bulgaria's Communist party is less than half the size it was five years ago. Vulko Chervenkov, the country's Red prime minister, made this disclosure in a speech to the annual Congress of Bulgarian Communists.

He belittled the drop from about 900,000 party members in 1949 to 423,000 at present—saying many had been expelled because they were not good Communists.

"stop, look and always listen" approach.

"World War II was still on," Emily recalls, "but I began to catalog ideas on how to improve the business, hoping someday I'd be able to put them into practice."

After the war, the two-way radio made its debut in Boston taxicabs. Emily was the first to install it.

Courtesy A By-word

Her father had always stressed courtesy and reliability as the chief commodities among his drivers, with the result many of his regular customers were women.

"But as word filtered through Boston that I was now heading the company," Miss Roberts says, "our drivers began to report that even more than the usual number of women were hiring our cabs."

"It seemed to me a compliment . . . women justifying their faith in a woman. And it was the first real indication I had that my ca-

reer as a cab company owner no longer was in doubt."

Next in Emily's management policy was a program to cut down highway accidents. It coupled a slogan campaign with a prize award system for accident-free records.

Does she employ women cab drivers? No.

"The law prohibits women from driving cabs after sundown," Emily explains, "and our veteran drivers' seniority takes care of all the day jobs."

No Lady Cabbies

"Even if jobs were available, I don't think a woman's place is in the driver's seat. The cab driver's seat, that is," she quickly adds.

"However, I think women drivers are just as good and just as careful as the male motorist. But perhaps I'm prejudiced—I love to drive my own car."

Ten years after she took over the business, Emily today owns more cabs than any woman in the country.

Other accomplishments:

In 1946 she was the first woman ever to gain entry to the Boston Chamber of Commerce. The same year she was chosen radio chairman of the American Taxicab Assn. and spearheaded a drive to have the Federal Communications Commission assign permanent frequencies to cab owners.

In 1949 the association chose Emily its president, and last year it named her its "Woman of the Year."

"It's nice to own a cab company," Emily says. "It's interest-

ing, entertaining work. Its only drawback is a rainy day. When it rains, I walk. I'd feel guilty taking a cab from a paying customer."

TEEN-AGERS! APPLY NOW—ENTER THE ADAMS COUNTY SAFE-DRIVING ROAD-E-O

Sponsored by Gettysburg Junior Chamber of Commerce

Apply **TODAY** or **TOMORROW** at **MacDonald Company**
Chambersburg Street
Gettysburg, Pa.

PRIZES TO THE WINNER!

WHO IS ADAMS COUNTY'S BEST TEEN-AGE DRIVER?

We should have the answer to this question on Sunday, May 16, after the Road-e-o sponsored by the Gettysburg Jaycees. The public will be invited.

All teen-agers (boys and girls) who have a driver's license are eligible to compete in the Road-e-o. The local winner will be entered (all expenses paid) in the state contest held in Pittsburgh on July 10. The winners from all competing states will then have the opportunity to take part in the Third Annual National Teen-Age Road-e-o in Washington, D. C., August 10-14.

The Road-e-o is designed to create good driving habits among the teen-age set and to select the county's most skillful young driver. The elimination will consist of a written examination and a skill test involving driving through prescribed exercises, such as parking, smooth stopping, etc.

The Adams County Teen-Age Road-e-o will be held at 1:00 P.M. (DST) on May 16 on the Acme lot, West Street and Springs Avenue in Gettysburg. The deadline for submitting an application is May 8.

Visit MacDonald Company today or tomorrow to learn how to enter — you could be the winner of a \$25.00 War Bond, an all-expense paid trip to Pittsburgh, and an engraved plaque which will acknowledge your being selected Adams County's best teen-age driver. National prizes amount to \$3,100 in scholarships.

Don't miss this opportunity to show your friends and parents what skillful drivers the teen-agers can be!

REMEMBER — DEADLINE DATE FOR APPLICATION IS

DECLARES U. S. CAN INCREASE USE OF COAL

WASHINGTON (AP) — By taking the right steps, the government could boost coal consumption by 50 million tons a year, according to leaders of the hard-pressed coal industry.

Meeting with federal officials here yesterday, soft coal industry representatives from Kentucky, West Virginia, Pennsylvania, New York and Washington urged the adoption of a government coal policy.

They met with Sen. Cooper (R-Ky.); Felix E. Wormser, assistant secretary of the interior; William F. Fahman, Defense Solid Fuels Administration, and department advisers.

Examples by which the government could help relieve the industry's economic plight, they said, are:

1. Require the use of coal, where available, in government buildings and installations at home and abroad.
2. Protect coal "from excessive natural gas competition."
3. Sponsor policies to limit freight rates on coal.
4. Finance cooperative research to promote the use of coal.
5. Give coal a competitive break in choosing a fuel for a government installation. (They said the Atomic Energy Commission, for example, requires use of gas at Oak Ridge).
6. Urge fair treatment of American coal abroad.

The group said it realizes a number of the suggestions would have to be considered by other

departments of the government, such as the state and commerce, departments, and that there were plans for discussions with those agencies.

The coal operators also made a perennial request that something be done to limit the imports of residual oil, a cheap fuel that has been capturing coal's markets. In addition, they suggested that the oil industry be encouraged to refine more fully the petroleum processed abroad and thus reduce the amount of residual oil that would be available for export to the United States.

Pennsylvanians attending were: S. P. Hutchinson, General Coal Co., Philadelphia; W. B. Jamison, vice president of Jamison Coal and Coke Co., Greensburg; and C. N. Potter, president of Rochester and Pittsburgh Coal Co., Indiana, Pa.

STATE SELLS BOND ISSUE

HARRISBURG (AP) — The State Highway and Bridge Authority yesterday awarded the sale of 20 million dollars in bond to a nation-wide syndicate headed by Halsey, Stuart and Co., Inc., New York City.

The Halsey group offered an average interest rate of 2.10 per cent on the issue, the best bid received.

The bond issue represents the unused balance of 80 million dollars which the Legislature has authorized the authority to issue for road and bridge construction.

The authority's first bond issue was 15 million dollars in November 1949. Since that time the authority floated separate issues of 25 and 20 million. The average net interest rate for the first three series was just under 2 per cent.

3 REWARDED FOR REC WORK

STATE COLLEGE, Pa. (AP) — Three persons today held awards for outstanding work in the recreation field during the last year.

The awards were presented last night at a session of the seventh annual Pennsylvania Recreation Assn. conference which closes a three-day run here today.

Given the awards on behalf of the association were: Martin M. Harnish, Lancaster; Mina B. Reichelt, Philadelphia; and Ruth Sweeney, Wilkes-Barre.

Harnish is president of the Lancaster Recreation Assn. Miss Reichelt is administrative assistant in the Philadelphia Department of Recreation and Miss Sweeney is former superintendent of recreation in York.

Speaking to the more than 300 recreation and municipal representatives last night, John F. Davis, former Reading mayor, charged "recreation programs are unfortunately controlled by politicians who handle the budget and too often look upon recreation as a stepchild."

"Everyone thinks he is an authority on recreation and as a result professional people in the field find they have little to say about policy," he said.

BENEFITS CLAIMS RISE

HARRISBURG (AP) — A report by the Bureau of Employment Security shows new claims for unemployment benefits increased 9 per cent last week over the previous week's total.

The bureau said the increase is due to the large number of layoffs in the bituminous mining and apparel industries.

The new claims rose from 34,800 to 37,800.

Meanwhile, the State Treasury Department said that funds disbursed from unemployment compensation funds totaled \$25,319,725 in April, an increase of \$15,567,590 over the same month in 1953.

ACCUSED WOMAN CONFESSES LOVE

NORRISTOWN, Pa. (AP) — Mrs. Sue Zayac, 34, of Pottstown, on trial in Montgomery County Court for the slaying of her husband, George, insisted on the witness stand yesterday she loved her husband and "had no intention of shooting him."

Mrs. Zayac, the mother of a 16-year-old son and a 10-year-old daughter, broke down and cried on several occasions while testifying.

She said she didn't remember pulling the trigger of the rifle in the bedroom of her home. She said her husband frequently, after drinking, directed her to load the rifle, point it at him and fire—as sort of a game. But the rifle was always adjusted so it wouldn't fire, she said.

On the night of the shooting the scene was re-enacted. Mrs. Zayac said, but she didn't remember pull-

OUTLINE SOUR CHERRY SPRAY

The shuck fall spray on sour cherry was outlined by County Agent Frank S. Zettie in a letter issued to fruit growers of the county.

The spray, Zettie said, "will likely be a crucial spray for leaf spot control. Spores of the leaf spot fungus are ready to infect leaves and fruit stems during wet weather unless spray protection is maintained. Insects present are curculio, red-banded leaf roller, aphids and mites. Start this spray seven to 10 days after you started your last application and complete as soon as possible."

For each 100 gallons of dilute spray two pounds of Ferbam, ing the trigger. The first thing she knew, she said, the rifle had been discharged and her husband lay dying on the floor.

As an alternate, the materials used in the spray may include 1½ quarts Gloyodin (Crag 341), two ounces of fresh spray lime and one pound of either the Parathion or EPN-300. For concentrate sprays the materials should be tripled.

TEETH ARE RELATED

PASADENA, Calif. (AP) — Mrs. L. C. Allen had a tooth pulled. Later, in correspondence with her son, Herman R. Allen, 3,000 miles away in Washington, D. C., she discovered that he had the same tooth pulled just three days before her own extraction.
